News Release

For Immediate Release: February 14, 2014

Towing Abandoned Vehicles

The Durham Police Department's grace period for moving vehicles abandoned due to Wednesday's storm ends today.

The snow is melting and we encourage everyone to get their vehicles moved as soon as possible.

The Police Department will start towing any vehicles blocking or partially blocking travel lanes. Vehicles must be moved so that plows can get through. The vehicle owners will be responsible for the towing fees.

If you check on your vehicle and find that it has been towed, please contact the Police Department's front desk at (919) 560-4427 to find out where the vehicle has been towed.
